Fall 2020

Our doors to the library have been closed since March 2020 due to the Covid-19 pandemic. However, during this time, the staff have been busy redesigning our shelves and preparing for phase 3 when we can once again open our doors to our patrons.

When you visit the library during phase 3, we have instigated several new policies to join in the effort to prevent the spread of Covid within our community.

The following policies have been established:

Masks must be worn before entering the library

A **hand sanitizer** will be available at the door and we ask that everyone sanitize their hands prior to entering.

All patrons must **sign in** and provide contact information

Only **4 patrons** in the library at any given time with the only exception being a family group (parent and young children)

All visits are limited to **20 minutes** only

Children must be with their parents/guardians at all times.

We will continue to offer curbside service during phase 3.

We appreciate your cooperation and patience as we navigate these new changes to our library.

CURBSIDE PICK UP:

Order online through our online catalogue (see our website)

Call us and our staff will assist you. 705 389-2611

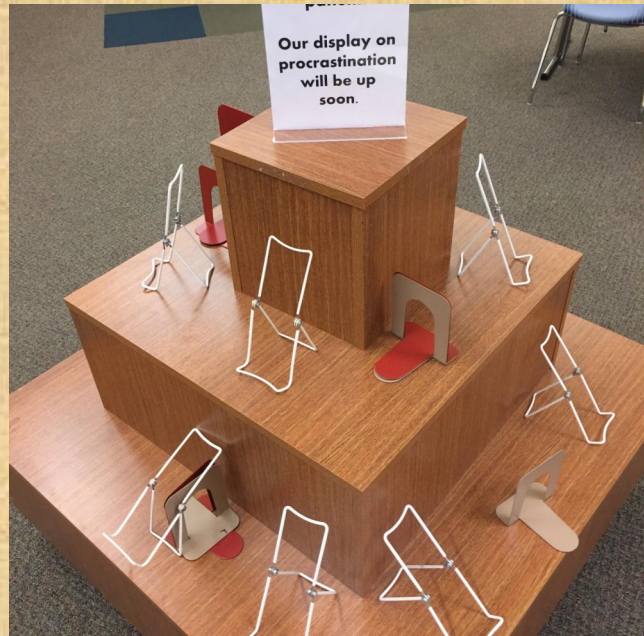

You let us know when you want to pick up your order and it will be ready for you!

We can also print or make copies for you through our curbside service as well.

During the closure, we have reorganized our adult fiction section. You will find paperbacks and hardcover books together. This will hopefully make your search much easier.

We have received a large number of new titles to our collection. Our audio books have all been replaced with a new collection.

The library has recently purchased 4 new computers.
